FINANCIAL OVERVIEW

Sources – The following chart provides our monthly revenue results for September 2010 which represents transaction activity from July 2010. We have now completed 25% of fiscal year 2011:

The Authority’s **total revenues** for the current month were **ahead of** our budget forecast by a total of **\$0.15m**, or **8.8%**.

The individual revenue components and their performance were as follows:

- The **tourism revenues** (hotel bed tax and car rental surcharge) posted **\$1.09 million** in total revenues – **\$62k** or **6.0%, above forecast**. The **hotel bed tax** reported **\$0.50 million** in revenues, (**\$57k**), or **(10.1%), below budget**. The **car rental surcharge** posted total revenues of **\$0.58 million**, **\$119k**, or **26%, above budget**.
- The **NFL income tax** is determined by the Arizona Department of Revenue prior to the start of each fiscal year. This was on-budget at \$483k for the month. The Authority, prior to the start of FY2011, received notification from the Arizona Department of Revenue that we would experience a significant increase to \$5.8 million from the prior fiscal year’s amount of \$6.4 million. Nearly \$1.0 million of the decrease is related to an adjustment for amounts not received by the Authority for prior years.
- **Sales tax recapture** revenues for the month were **\$0.24 million** which were higher by **\$0.16 million**, or **239%**, than our forecast.
- The combined **facility use fees** and **concession revenues** for the month were **\$0.02m** which was (**\$78k**), or **(81%)** below our forecast. This was due to a timing issue of when the guaranteed funds from ROJO would be collected.

- **Other revenues** were comprised of the monthly Arizona Cardinals’ rent of \$22.5k.
